Loan and Mortgage Management

Course Objectives

On completion of the course, participants should be able to:

- Assess the eligibility of individuals for the mortgage loan they are applying for
- Approve or reject mortgage loan application based on credit history, employment history, assets, debts and other factors
- Use credit, financial and employment information to see if individuals qualify for a mortgage and then come up with mortgage financing options that match their financial capacity.
- Help individuals complete mortgage loan application and keep track of what's happening during the loan approval process.
- Help individuals find the kind of home they seek and examine comparable homes
- Determine how much is the worth of a home individuals wish to purchase (or its fair market value).
